

The Steering Committee for the Healthy Blair County Coalition

Invite You to Attend a Meeting for an

Update on the Results of the Community Health Needs Assessment, Accomplishments, and Future Activities

Friday, July 8, 2022

Registration and Light Breakfast: 8:00 – 8:30 am

Presentation: 8:30 – 10:30 am

The First United Methodist Church (Social Hall)
801 Allegheny Street, Hollidaysburg, PA

The purpose of the meeting is to share the results in the new report *Blair County Profile 5: Community Health Needs Assessment*, highlight accomplishments, and provide an opportunity to become involved in work groups and committees that continue to address selected strategies as part of the Implementation Plan. Since our last annual meeting, there have been many accomplishments and exciting new collaborations. Our committees and work groups have been meeting regularly to address the areas identified in the needs assessment.

Our vision is a healthy Blair County community established through interventions that result in improvement of social, economic, physical, and emotional factors. Therefore, we encourage participants from all segments of the community to either continue your participation on the Coalition or join us in this effort. Your input and participation is needed and appreciated. We will also be recognizing those Blair County companies that ranked in the top of their division for the SparkAmerica – SparkBlair County Fit City Challenge.

Please **RSVP** to Coleen Heim at info@healthyblaircountycoalition.org. You may also contact her at 814-317-5108 ext. 305 or visit our website at www.healthyblaircountycoalition.org.

AN INITIATIVE OF HEALTHY BLAIR COUNTY COALITION
